Proposed Program of Work
Non-Thesis (Structured) Plan

Student’s Name: __________________________________________________
Student Id Number: _______________________________________________
Student Plan/Program: _____________________________________________
(per Records and Enrollment -> Career and Program Information -> Student Program/Plan)

Orientation: (required of all MS students in their first Fall or Spring semester)
CSE 5194 Masters Orientation

Core Courses:
CSE 5311 Algorithms (all students, no waivers or replacements)
CSE 5301 Data Analysis and Modeling Techniques, or
CSE 5306 Advanced Operating Systems, or
CSE 5317 Advanced Compilers

Specialty (Major) Area 1: 1__________________________________________
Course 1 (CSE 53xx): _____________________________________________
Course 2 (CSE 53xx, 63xx): _______________________________________
Course 3 (CSE 63xx): _____________________________________________

Specialty (Major) Area 2: 1__________________________________________
Course 1 (CSE 53xx): _____________________________________________
Course 2 (CSE 53xx, 63xx): _______________________________________
Course 3 (CSE 63xx): _____________________________________________

Breadth Courses: (9-hours - select three courses that are NOT in your specialty area, and only two may be in the same specialty area2)
_______________________________________________________________
_______________________________________________________________
_______________________________________________________________

Elective Course: (3-hours - any graduate course2)
_______________________________________________________________

1 Students classified as Computer Engineering majors must select Systems and Architecture as one of their major/specialty fields.
2 Students may use ONE non-CSE course in their degree plan, with prior approval of a CSE Graduate Advisor.

IMPORTANT NOTE: Non-thesis students must also complete a Final Master’s Examination (oral exit interview with an advisor) at the end of their final semester.
